Student Dismissal Precautions

No teacher may permit any individual student to leave school prior to the regular hour of dismissal except by permission of the building administrator.

A student will not be released to any person without the approval of the custodial parent or guardian.

No student is to be permitted to leave school with anyone, or to be questioned by anyone during school hours unless the principal or his representative is certain that the person acts with the consent of the parent or guardian and that the welfare of the child is not jeopardized. When appropriate, the building principal may notify parents or guardians of an investigation by an outside agency. In some cases, the school may not notify parents or guardians in accordance with state law. The building principal must rely on his professional judgment and advice from other professionals in making that decision. We recognize the need to cooperate with both the local law enforcement agency and the parents.
