Student Involvement in Decision-Making

The Board recognizes the value of student participation in decision-making.

All students will be encouraged to attend open school Board meetings and to participate in discussions.

In developing rules, regulations and arrangements for school system operation, the superintendent will include at the planning stage, whenever feasible and appropriate, a representative of those students who will be affected by such provisions.

The student council is the body through which students can readily communicate their ideas and opinions regarding the operation of the schools, through the administrative channels to the school board.
