

Pediculosis (Head Lice)

(Excludes a student with live lice; allows attendance of a students with nits.)

A students with a suspected cases of head lice will be referred to the school nurse or administrator for assessment. A students found with live lice will be excluded from school. A parent of the student will be notified and treatment will be requested. A students excluded from school that has been treated will be readmitted after an assessment by designated personnel to confirm no lice are present. The student may be subject to period checks.

The successful treatment of head lice requires a coordinated approach and may involve the use of anti-lice products, combing and implementation of preventative measures recommended by health authorities. Treatment information will be provided by the district to the parents of students found to have contracted head lice.

The superintendent will develop administrative regulations, as necessary, to implement this policy.
