Athletic Participation Fees

Amity School District 4-J recognizes the importance of athletics as an extension of a good educational program. Students who participate in activities tend to have higher grade point averages, better attendance records, lower dropout rates and fewer discipline problems than a student who elects not to participate in any activities.

Students who participate in the interscholastic athletic program shall pay a participation fee to partially defray expenses of the athletic programs. This fee does not influence the manner in which coaches select participants for events. The following rules and procedures will apply.

Students grades 6-12 involved in any school sponsored interscholastic sport will be assessed a participation fee as established annually by the Board of Directors.

Payment schedules shall be established on specific uniform dates in the district. The athletic director will establish the due date in conjunction with the date of first practice and/or contest.

Any student or parent who feels that he should have the fee waived should request a waiver in writing to the Superintendent

Pro-rated refunds will be available only when participation is ended due to no fault of the student. The athletic director will establish refund schedules for each sport. No refund will be available if the student has completed seventy-five percent (75%) of the activity season.
