November 18, 2020

Amity School District strives to provide each of our students with an education that will allow them to pursue their desired career path following high school. This means that we address all facets of a student's development, providing not only a well-rounded academic experience, but also the opportunity to be involved in many other activities that develop the whole person.

Oregon school districts are required to report to their communities annually that they are compliant with the rules contained in OAR 581-022 ("Division 22 Report"). Districts will report to their communities by November and the more detailed assurance form is submitted to the Oregon Department of Education.

Amity School District reports that at this time we are in compliance with all OAR 581- 022 rules.

Respectfully,

Jeff Clark
Superintendent
