EMERGENCY SCHOOL CLOSURE

In case of inclement weather or other emergencies that might result in a late start, an early release, or a complete closure of school, you can tune into the major radio and/or TV stations to find out the status of Amity Schools.

The following are the major TV & Radio stations only:

KATU channel 2  KGW 620 AM
KOIN channel 6  KEX 1190 AM
KGW channel 8  KLYC 1260 AM
K 103 FM   KSLM 1390 AM

The schools and well as the district office, are now equipped with automated answering systems. Closure information will be available by calling the buildings. The phone messaging system will also be utilized.

You can go to our website at:
www.amity.k12.or.us

It is a good idea to make arrangements ahead of time with a neighbor, relative, or friend to receive your child in case there is an emergency early school closure and you can’t get home before they do. Let your child’s school know of these arrangements so the school can make sure the child gets home safely. Also, be sure to talk with your children about these arrangements (especially the young ones) so they will not become upset if their routine is changed.

AMITY ELEMENTARY SCHOOL

SCHOOL HOURS
7:55 am – 3:05 pm

OFFICE HOURS
7:30 am – 4:00 pm

Students’ Day

7:30 am
School doors are opened for breakfast.
(Please do not send or drop off students before 7:30 am.)

All students should be dropped off in the big parking lot at the covered area.

7:50 am
Assembly begins in the gym.

7:55 am - 8:00 am
Check-in and attendance in the classroom.

8:00 am or Later
Students are Tardy. Check-in at the Office

3:05 pm
Dismissal ~ All students being picked up can be met in the covered area.
Regular attendance is REQUIRED!

Regular school attendance means...

- Rarely being absent from school
- Attending 95% of school days (or better!)
- No more than 7 absences for the school year (or less!)
- Being on time for school, arriving no later than 7:55 a.m.

Attendance Matters!

- Chronically absent children in kindergarten and 1st grades are much less likely to read at grade level by the end of 3rd grade.
- Children who struggle to read by the end of 3rd grade are four times less likely to graduate from high school.
- Chronically absent includes both excused and unexcused absences.
- Both excused and unexcused absences have a negative impact on student learning!
- Being tardy also has a negative impact!

What Works?

- Avoid scheduling appointments when school is in session.
- Avoid vacations when school is in session.
- Ensure a regular bedtime.
- Lay out clothes and pack backpacks and lunches the night before
- Establish morning routines for getting ready for school
- Ensure your child goes to school every day unless they have a fever, diarrhea, or are vomiting
- Do homework in the evenings
EXCUSED ABSENCES
Parents are requested to notify the school office if their child will be absent. When returning to school after an absence, a student must bring a note signed by the parent that describes the reason for the absence if parents have not already called the school office.

Absence from school or class will be excused under the following circumstances:

1. Illness of the student (vomiting, diarrhea, fever over 99.6 degrees, coughing that interferes with ability to complete work)
2. Illness of an immediate family member when the student’s presence at home is necessary.
3. Emergency situations that require the student’s absence.
4. Field trips and school-sponsored activities.
5. Medical or dental appointments. Confirmation of appointments may be required. (We encourage Friday appointments if possible.)
6. Other reasons deemed appropriate by the school administrator when satisfactory arrangements have been made in advance of the absence.

All other absences are considered unexcused.

Students may be excused on a limited basis from a pre-planned classroom activity or from selected portions of the established curriculum on the basis of disability or for personal, religious, or ethnic considerations.

A student who has been absent is expected to make up missed assignments either at home or at a time during the school day designated by his/her teacher. Parents should contact the office to arrange for the collection of homework for a student who will be absent several days.

A student who is absent from school will not be allowed to participate in school-related activities that day or evening, i.e. Winter Program, Family Nights, etc.

TRUANCY/CHRONIC ABSENTEEISM
Our goal at AES is to reduce our absentee rate to 7 days per student per year. On the 5th unexcused absence the attendance process begins:

- 5 Unexcused Absences
  - Parent letter sent home
- 10 Unexcused Absences
  - Second parent letter sent home
  - School official will contact the parent/legal guardian to discuss the circumstances of the absences
- 15 Unexcused Absences
  - Third parent letter sent home
  - We will request that you and your child attend a meeting to discuss the child’s absences and to create an improvement plan
- 18 Unexcused Absences
  - Law enforcement will be contacted
  - Parents and student are required to attend an attendance meeting with law enforcement

Excessive absences from school create a situation that if not corrected, will result in the loss of learning and possible intervention and citation by the police department.

Students must maintain a 90% attendance level (excused and unexcused) to attend school sponsored field trips.
**TARDY**
8:00 or later, students are considered tardy and must check in at the office, after 9:30 it will be recorded as a half day absence. To minimize classroom disruption, students will walk themselves to class or walk with a staff member. Excessive tardies result in a loss of learning.
Being tardy to school will be excused under the following circumstances:
- Late bus
- Doctor or dentist appointment. Confirmation of appointments may be required.
- Alternative start time
- Other reasons deemed appropriate by the school administrator.
All other tardies are considered unexcused.

**EARLY DEPARTURE**
- We ask that students not depart between 2:55 and 3:05
- Parents must check out their child at the office

**CHANGING STUDENT’S AFTER SCHOOL RELEASE PLANS**
Parents need to designate a regular plan for their child for after school release, whether that is riding the bus, attending Bridge, walking home, or adult pick-up. If this plan changes, the parent needs to notify the school in writing of the change or call the school prior to 2:30. Without notification from parents/guardian, the normal plan of release will be followed.

**AFTER SCHOOL ACTIVITIES AND BRIDGE PROGRAM**
Amity Elementary offers Bridge, an after school program. Registration is required and fees are assessed. For more information on this program, please contact the office at 835-3751.

Students left unattended after 3:30 pm will be placed in Bridge for parent pick-up and fees will be charged.

After school activities, such as scouting and sports are available in our area. While Amity Elementary School does not sponsor these activities, we do encourage student participation and we regularly distribute information from the various organizations.

We cannot accept responsibility for your student’s welfare while your student participates in such activities, and we suggest you learn as much as you can about the sponsor before enrolling your student. In addition, it is wise to check with your student on their feelings about participation.

Good attendance and punctuality make a difference! It shows our kids that parents value education, improves academic performance, and promotes future success
AES is a PBIS School:
Welcome to Amity Elementary, home of the AES Warriors! At Amity Elementary, we are committed to ensuring student safety and a positive school environment. To achieve a safe and positive school, we implement a series of strategies called Positive Behavior Interventions & Supports, or PBIS.

The goal of the PBIS team at AES is to create and promote a safe and positive school environment that enhances student learning. By consistently teaching and modeling, reinforcing, and recognizing positive behaviors, we believe our students can do their best.

What is PBIS?
Positive Behavioral Interventions and Supports (PBIS) is a proactive approach in creating a positive, predictable, consistent, and safe school environment. PBIS focuses on three basic ideas for improving school climate and culture:

1) Developing consistent school-wide & classroom expectations
2) Teaching these expectations to all students in a variety of ways
3) Recognizing students for following the expectations

PBIS @ AES
PBIS focuses on several different components including clearly defined school-wide behavior expectations, and then teaching those expectations to all students. Amity Elementary focuses on 3 defined behavior expectations for all students, staff, and settings. At AES:

WE ARE PROUD WARRIORS
WE ARE SAFE, RESPECTFUL, AND RESPONSIBLE
WE LEARN TO WORK HARD
WE WORK HARD TO LEARN
BECAUSE LEARNING AND HARD WORK LEAD TO SUCCESS
GO WARRIORS!

As part of defining expectations, we also developed a PBIS behavior chart that positively lists the expected behaviors for all common areas at AES. Our PBIS behavior chart allows clear and consistent expectations and language for all students and staff.

To teach the expected behaviors, our staff conducts Pow Wows. Throughout the Pow Wow, students see different staff members demonstrating expectations for various common areas including the hallway, bathroom, cafeteria, as well as arrival and dismissal. Pow Wows are held 3 times per year.
PBIS RECOGNITION @ AES

To recognize/acknowledge students for following our expectations, we use a variety of PBIS tools for positive reinforcement when we see our students demonstrating appropriate behavior. Some of the ways we do this include our:

- **WARRIOR Wow!**: The AES version of “Caught Ya Being Good” tickets. WARRIOR Wows are used to acknowledge/recognize students who are caught in the act of being great students. With this, staff members positively acknowledge or recognize the behaviors we expect to see at AES. WARRIOR Wows are used to purchase items from our student store.

- **WARRIOR Prides**: Prides are used to recognize students and classes who go “above and beyond” in their behavior. Pioneer Prides are collected and students have the chance to be recognized for their behavior in our morning assembly.

- **WARRIOR Banner**: Once per week, 2 classrooms will have the opportunity to earn a Pioneer Pride Banner. Classroom Pioneer Prides are awarded by teachers to whole classrooms exhibiting exceptional behavior.

- **Golden Broom Award**: Once per week, 2 classrooms will have the opportunity to earn the Golden Broom Award from the custodians. The custodians will choose the cleanest classroom in the primary and intermediate classrooms of AES. The Golden Broom will be displayed in the classroom and recognizes the classrooms who demonstrate responsibility by cleaning up after themselves.

- **Golden Spatula Award**: Once per week, a lunch period will have the opportunity to earn the Golden Spatula Award from the cafeteria attendants. The attendants will choose a lunch period whose students demonstrated appropriate behavior during the lunch routine and lunchroom time.

- **Character Charms**: AES will focus on a specific character trait throughout the entire month, and classroom teachers will recognize 2-3 students from their class who showed that character trait that month.

- **Assemblies**: Students are recognized and awards are given during our daily morning assemblies.

Thank you for taking some time to learn about PBIS at Amity Elementary and our expectations. We want our staff, students, families, and community members to know what it means to be a warrior at our school.

Parents can participate by talking with your student(s) about AES behavior expectations and reinforcing them by awarding a WARRIOR Pride for showing the behavior at home. You will find a WARRIOR Pride on our monthly newsletter.

We’re extremely proud of our AES Warriors that come to school every day to be **Safe, Respectful, and Responsible** students.

**CONSEQUENCES FOR FAILURE TO MEET EXPECTATION**

Steps of Action:
1) Warning – this is verbal and will only be given once. Students who repeat the same behavior day after day will lose the right of a warning
2) Time Out - student will spend a short time out in the hall or on the curb or wall at recess
3) Violation/Incident Report with intervention

Referral – severe behaviors may result in immediate parent contact, in-school suspension, out of school suspension, or recommendation for expulsion.

**BEHAVIOR INTERVENTION**

Behavior interventions may be determined by the needs of the individual student.

Possible Interventions: (not a complete list)
- Problem Solving/Recess Freeze
- Parent Phone Call
- Daily Teacher/Parent Behavior Communication
- Loss of Activity
- Parent Conference - HUGS (check in/check out)
- Parent Conference – FBA & Behavior Plan/Contract

Possible Next Steps:
- In-School Suspension
- Out of School Suspension
- Alternative Placement
- Superintendent Meeting with Recommendation for Expulsion

Activities/Field Trips:
- Multiple behavior issues, violations, referrals and/or missing assignments may jeopardize a student’s privilege to attend field trips and participate in school activities.

We care about your children. We want them to work and play in an environment conducive to learning. Good behavior will be reinforced in a positive way. Alternatives to inappropriate behavior will be discussed with the student and parent.
Amity Elementary Academic Program

At Amity Elementary each student receives instruction in reading, writing, math, problem solving, science, social studies, and learning about other people and the world around us. Along with basic skills, we offer instruction in physical education, library, and technology. We expect a high level of achievement on our state and district learning goals for all students.

We provide Special Education services in the areas of learning disabilities and speech and language. As a Title I School-Wide Program, supplemental services are available for all students in grades K-5 with a focus at K-3. Parents are encouraged to become involved in the organized, on-going planning, review, and improvement of the school’s Title I program efforts. Notification will be provided about meetings regarding the school’s participation in and requirements of Title I.

We have Highly Qualified Teachers in our school and strive to bring the best teaching talent to our students. As a parent you may request information regarding the professional qualifications of your child’s teacher. Your school principal can share information about the teacher’s licensure, college degree(s) and major(s). Additionally, you may request information about whether any paraprofessionals provide services to your child and, if so, their qualifications. Please contact your school principal if you have questions about the qualifications of the staff that support your student.

STUDENT ASSESSMENT

All student work is assessed on a day-to-day basis by our teaching staff. Students are provided support and encouragement and sometimes are asked to provide a critical assessment of their own work. Although informal reporting to parents is done often throughout the year (phone calls, conversations, etc.) formal progress reporting is done two times per year.

Starting in grade 3, students are formally assessed on their progress toward state standards. The Smarter Balanced Assessments will be taken during the spring quarter. Specific information and time lines will be sent home. We will be working very hard to demonstrate continuing student growth in all areas tested. The school AND the parents must be focused and dedicated to continue student growth. Reading and math success will make a difference in your child’s life, and elementary school is the place to build the foundation! Student growth is the underlying motivation of all our work.

CONFERENCES

All parents must attend conferences. This is a requirement.

Teachers will contact parents to schedule a conference time in which we sit down and talk about your child’s needs and goals for the school year. Our hope is to learn about your child from you and to plan for the coming year. Conferences will be held in October and April.

The staff, students, and the parents must remain focused and committed to high achievement for all. Success will make a difference in your child’s life, and elementary school is the place to build the foundation.
Other Pertinent Information

**MEDICATIONS – PRESCRIPTION AND OVER THE COUNTER**

All medications that are to be given to students at school must:

- Be brought in by a parent or guardian
- Checked in at the front office
- Physician’s instructions or instructions that come on the bottle of over the counter drugs such as Tylenol or cough drops
- Be in the original container (no sandwich bags or envelopes)
- May only be checked out by a parent or guardian

Any medications not checked out after the last day of the school year will be disposed of by school officials.

**CELL PHONES, ELECTRONICS, AND TOYS**

We recognize that with long bus rides and after school arrangements, some parents would like their children to carry cell phones, MP3 players and other electronic devices. However, these items may not be turned on or used during the school day unless express consent is given by the teacher.

Any electronic devices that are seen or used during the school day will be confiscated. For an initial violation, students will be able to pick up their electronics at the office at the end of the day. Subsequent violations will necessitate a parent coming in to school to retrieve the electronic device. **The school will not be responsible for any lost, stolen, misplaced or damaged electronic devices.**

The school strives to provide appropriate playground equipment for student use during recess time. Toys and other valuables should not be brought to school, as they are not allowed on the playground.

**DRESS AND GROOMING**

The responsibility for dress and grooming rests with the student and parents. A student’s dress or grooming should not affect safe participation in school classes, programs, other school-related activities, or be disruptive or distracting to the educational setting. Examples of dress that are not part of school attire include, but are not limited to:

- Hats and sunglasses in the building
- Halter tops, tops showing midriff, spaghetti straps, tops low cut at the neck or arms
- Shorts or skirts must reach fingertip when hands are at sides
- Flip flops, high heels, or slippery shoes. Shoes should be appropriate for PE and recess
- Any clothing that is gang-related, contains obscene or profane language, graphics or drug/tobacco/alcohol advertising – visitors included

**LOST AND FOUND**

Please place names or labels on coats and school items to help us return lost items to their owner. If your child is missing an item, please check the lost and found. Small found items such as glasses, jewelry, and keys are kept in the office for security reasons.
**APATT**
Amity Parents and Teachers Together is an active parent group, which is responsive to the many needs of students and parents in Amity Elementary School. Your participation in this organization helps build a sense of community. You will receive information on how to participate early in the school year or you can follow them on Facebook.

**VOLUNTEERS**
You are welcome at Amity Elementary School! There are many opportunities for you to assist in the classroom, office, and the library. **CHAPERONES**
Chaperones are adults with an approved background check that are in charge of a group of students. Chaperones are required to ride the bus on field trips. Younger siblings will not be allowed if you are a chaperone.

**PARTIES, GIFTS, AND BALLOONS**

STATEMENT OF UNDERSTANDING REGARDING STUDENTS' RIGHTS AND RESPONSIBILITIES

Parents and students must acknowledge receipt of the Student Code of Conduct and the consequences to students who violate district disciplinary policies. Parents objecting to the release of directory information on their student should notify the district office within 15 days of receipt of the student handbook.

Parents must also give their signed and dated written permission for the district to release personally identifiable information.

The parent and student signatures on the registration form acknowledge the following:

I have been given a copy of the Student Handbook. I understand and consent to the responsibilities outlined in the Student Code of Conduct. I also understand and agree that my student shall be held accountable for the behavior and consequences outlined in the Student Code of Conduct at school during the regular school day, at any school-related activity regardless of time or location and while being transported on district-provided transportation. I understand that should my student violate the Student Code of Conduct he/she shall be subject to disciplinary action, up to and including expulsion from school and/or referral to law enforcement officials, for violations of the law.

Regarding student education records, I understand that certain personally identifiable information about my student is considered directory information and is generally not considered harmful or an invasion of privacy if released to the public. Directory information includes, but is not limited to: the student’s name, address (including electronic address), telephone listing, photograph, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received and the most recent previous educational agency or institution attended. I have given a list of those types of directory information listed above to the building principal that I wish the district to withhold.

I also understand that the district is required by law to release secondary students' names, addresses and telephone numbers to military recruiters and/or institutions of higher education unless parents or eligible students request that the district withhold this information.

I understand that unless I object to the release of any or all of this information within 15 school days of the date this student handbook was issued to my student, directory information may be released by the district for use in local school publications, other media and for such other purposes as deemed appropriate by the principal, and my secondary student’s name, address and telephone number will be released upon a request made by military recruiters and/or institutions of higher education.

I also understand that certain student information is considered personally identifiable information and may be released only with prior notification by the district of the purpose(s) the information will be used, to whom it will be released and my prior written, dated and signed consent unless otherwise permitted by law.
Personally identifiable information includes, but is not limited to: the student’s name or the name of the student’s parents or other family member; the address of the student or student’s family; personal identifiers such as the student’s social security number, student identification number or biometric record; a list of personal characteristics that would make the student’s identity easily traceable such as their date of birth, place of birth and mother’s maiden name; information requested by a person who the district reasonably believes knows the identity of the student whom the educational records relates; or other such information that would make the student’s identity easily traceable.

A parent or student 18 years of age or an emancipated student, may not opt out of directory information to prevent the district from disclosing or requiring a student to disclose their name or from requiring a student to disclose a student ID card or badge that exhibits information that has been properly designated directory information by the district in policy JOA - Directory Information.

PREFACE
The material covered within this student handbook is intended as a method of communicating to students and parents regarding general district information, rules and procedures and is not intended to either enlarge or diminish any Board policy, administrative regulation or collective bargaining agreement. Material contained herein may therefore be superseded by such Board policy, administrative regulation or collective bargaining agreement. Board policies are available at the District Office and the District website.

Any information contained in this student handbook is subject to unilateral revision or elimination from time to time without notice.

ADMISSION
A student seeking enrollment in the district for the first time must meet all academic, age, immunization, tuition and other eligibility prerequisites for admission as set forth in state law, Board policy and administrative regulations. Students and their parents should contact the office for admission requirements.

The district may deny regular school admission to a student who is expelled from another school district and who subsequently becomes a resident of the district or who applies for admission to the district as a nonresident student.

The district shall deny regular school admission to a student who is expelled from another school district for an offense that constitutes a violation of applicable state or federal weapons laws and who subsequently becomes a resident of the district or who applies for admission to the district as a nonresident student.

Alternative education services will not be provided to students expelled from another school district for violation of applicable state or federal weapons laws and who subsequently become a resident of the district.

A parent(s) of any student receiving regular education, Section 504 of the Rehabilitation Act of 1973 or Individuals with Disabilities Education Act (IDEA) services must provide notice to the district at the last individualized education program (IEP) meeting prior to obtaining private services or in writing at least 10 business days prior to obtaining such services. The notice must include the parent’s intent to obtain private services, the parent’s rejection of the educational program offered by the district and the parent’s request that the private services be funded by the district. Failure to meet these notice requirements may result in a denial of any subsequent reimbursement requests.

ALTERNATIVE EDUCATION PROGRAMS
Alternative education program options have been established and approved by the Board to meet the individual needs of students. These programs will be made available to students who are unable to succeed in the regular programs because of erratic attendance or behavioral problems; for students who have not met or who have exceeded all of Oregon’s academic content standards; when necessary to meet a student’s educational needs and interests; to assist students in achieving district and state academic
content standards; or when a public or private alternative program is not otherwise readily available or accessible. Such programs consist of instruction or instruction combined with counseling and may be public or private. Private programs must be registered with the Oregon Department of Education. Home schooling shall not be used as an alternative education program placement.

The district may, based on district criteria, provide alternative education programs for students expelled for violation of applicable state or federal weapons laws.

**In-District Alternative Education Programs**
1. Tutorial instruction;
2. Instructional activities provided by other accredited institutions;
3. Expanded Options Program (Winema West)
4. Independent study;
5. Others as approved by the district.

Parents may request additional in-district alternative education programs by submitting written requests to the principal.

**Non-district Alternative Education Programs**
1. Other school(s)/program(s);
2. Community college;
3. Others as approved by the district.

The district pays the alternative education program cost or an amount equal to 80 percent of the district’s estimated current year’s average per student cost, whichever is less, for placing students in non-district alternative education programs. The student’s placement must have the prior approval of the district.

The district will not assume alternative education costs for any student not placed in an alternative program according to procedures established by the district and Oregon law.

If a parent receives an exemption on a semi-annual basis to withdraw a student age 16 or 17 from school, the district has no obligation to pay for an alternative education program.

If a student is not successful in the alternative education program or the alternative education programs are not accepted by the student/and or parent, there is no obligation to propose or fund a second program.

**ALTERNATIVE EDUCATION PROGRAMS - ESTABLISHMENT**
Proposals from parents or students for the establishment of an alternative education program shall be submitted in writing to the superintendent or designee.

“Alternative education program” means a school or separate class group designed to best serve students’ educational needs and interests and assist students in achieving the academic standards of the district and the state.

Proposals for alternative education programs shall include the following:

1. Goals;
2. Criteria for enrollment;
3. Proposed budget;
4. Staffing;
5. Location;
6. Assurance of nondiscrimination.

Proposals must be submitted to the superintendent or designee prior to November 1 for programs to be implemented the following school year. Proposals will be reviewed by the district. Contact the building principal or district office for additional information on submitting proposals, the evaluation and approval process.
ALTERNATIVE EDUCATION NOTIFICATION
Individual notification to students and parents regarding the availability of alternative education programs will be given semi-annually or when new programs become available under the following situations, as appropriate:

1. When two or more severe disciplinary problems occur within a three-year period (Severe disciplinary problems will be defined in the Student Code of Conduct.);
2. When attendance is so erratic the student is not benefiting from the educational program (Erratic attendance will be defined on a case-by-case basis.);
3. When an expulsion is being considered;*
4. When a student is expelled;*
5. When a student’s parent or emancipated student applies for exemption from attendance on a semi-annual basis.

Individual notification shall be **hand-delivered** or sent by **certified mail**. Parents shall receive individual notification prior to an actual expulsion.

Notification shall include:
1. The student’s action;
2. A list of alternative education programs for the student;
3. The program recommendation based upon the student’s learning styles and needs;
4. Procedures for enrolling the student in the recommended program.

- The district will not provide alternative education programs for students expelled for violations of applicable state or federal weapon laws.

ANIMAL DISSECTION
In courses including animal dissection, a student may request alternative coursework rather than participate in dissection activities on any animal. The district will provide alternative materials and methods of learning the course curriculum. A student will not be penalized for exercising this option for alternative instruction opposed to animal dissection.

ASBESTOS
The district has complied with the Asbestos Hazard Emergency Response Act (AHERA) by having its buildings inspected by accredited inspectors and the development of a management plan for the control of this substance.

The management plan is available for public inspection in the district office.

The maintenance supervisor serves as the district’s asbestos program manager and may be reached for additional information.

ASSEMBLIES
A student’s conduct in assemblies must meet the same standard as in the classroom. A student who does not abide by the district’s Student Code of Conduct during an assembly shall be subject to disciplinary action.

ASSIGNMENT OF STUDENTS TO CLASSES
Students are assigned to classes based on the individual needs of the student, staffing and scheduling considerations. Parent requests to place a student in a particular class may be submitted to the building principal or a counselor prior to June 1 of the school year in question, or no later than six weeks prior to a semester break during a school year. Requests to change a student’s assigned class at other times must be directed to the building principal. Final decisions are the responsibility of the building principal or designee.
ASSESSMENT PROGRAM
The district’s assessment program shall be designed for the purpose of determining district and school program improvement and individual student needs including the requirements of the Oregon Administrative Rules. Assessments shall be used to measure the academic content standards and Essential Skills and to identify students who meet or exceed the performance standards and Essential Skills adopted by the State Board of Education.

Students may opt-out of the statewide summative assessments as provided by state law. The district shall provide the required notice and necessary forms for opting-out of the statewide assessments to the student. The district shall provide supervised study time for students who are excused from participating in the assessment.

ATTENDANCE
All students between the ages of 6 and 18, who have not completed grade 12, are required to regularly attend public fulltime school, unless otherwise exempted by law. School staff will monitor and report violations of the state compulsory attendance law. All students five years of age who have been enrolled in a public school are required to attend regularly.

The district will notify the parent in writing and in the native language of the parent, that, in accordance with law, the principal will schedule a conference with the non-attending student and his/her parent(s) to discuss attendance requirements. At this time the parent has the right to request an evaluation to determine if the student should have an individualized education program (IEP) or a review of the student’s current IEP.

Any persons having legal control of a student between the ages of 6 and 18, who has not completed the 12th grade, and who fails to send a student to school within three days of notification by the district that their student is not complying with compulsory attendance requirements may be issued a citation by the district for the student’s failure to attend school. Failure to send a student to school is a Class C violation of the law and is punishable by a court imposed fine.

Additionally, a parent or guardian, or other person lawfully charged with the care or custody of a student under 15 years of age, may be found by the courts to have committed the offense of failing to supervise a child who has not attended school as required. Failing to supervise a child is a Class A violation. Violations, as determined by the court, may be punishable by a requirement to complete a parent effectiveness program approved by the court and/or a fine.

We are concerned about your student’s safety in getting to school. To avoid confusion about your student’s whereabouts, please call the office at your child’s school by 8:30 am if your student is going to be absent for any reason.

All the schools have automated answering systems to aid in reporting absences early in the morning or the night before.

To excuse an absence, a note is required from parents/guardians upon the student’s return to school.

Suspension of Driving Privileges
Students who fail to maintain regular enrollment in school may have either their driving privileges suspended or the right to apply for driving privileges suspended. The superintendent or designee may, under ORS 339.257, notify the Oregon Department of Transportation (ODOT) of the withdrawal of a student who is at least 15 years of age and under 18 years of age. Upon notice by the district that a student has withdrawn from school, ODOT shall notify the student that driving privileges will be suspended on the 30th day following the date of notice unless the student presents documentation that complies with ORS 807.066. A student shall be considered to have withdrawn from school if the student has:

1. More than 10 consecutive days of unexcused absence; or
2. Fifteen school days total of unexcused absences during a single semester.

The student has a right to appeal the superintendent/designee’s or Board’s decision through district suspension/expulsion due process procedures.
Absences and Excuses
When returning to school after an absence, a student must bring a note signed by the parent that describes the reason for the absence. Absence from school or class will be excused under the following circumstances:

1. Illness of the student;
2. Illness of an immediate family member when the student’s presence at home is necessary;
3. Emergency situations that require the student’s absence;
4. Field trips and school-approved activities;
5. Medical or dental appointments. Confirmation of appointments may be required;
6. Other reasons deemed appropriate by the school administrator when satisfactory arrangements have been made in advance of the absence.

Each school shall notify a parent or guardian by the end of the school day if their child has an unplanned absence. The notification will be either in person, by telephone, or another method identified in writing by the parent or guardian. If the parent/guardian cannot be notified by the above methods, a message shall be left, if possible.

Students may be excused on a limited basis from a preplanned classroom activity or from selected portions of the established curriculum on the basis of a disability or for personal, religious or ethnic considerations.

A student who must leave school during the day, must bring a note from his/her parent. A student who becomes ill during the school day should, with the teacher’s permission, report to the office. The office staff will decide whether or not the student should be sent home and will notify the student’s parent, as appropriate.

A student who has been absent for any reason is encouraged to make up specific assignments missed and/or to complete additional in-depth study assigned by the teacher to meet subject or course requirements. Parents should contact the office to arrange for the collection of homework assignments for a student who will be absent several days. Failure to make up assigned work within a reasonable amount of time as allowed by the teacher will result in a grade of zero for the assignment. Absenteeism will not be used as a sole criterion for the reduction of grades. A student who is absent from school for any reason will not be allowed to participate in school-related activities on that day or evening. (The only exception is a pre-arranged approval by the building principal.)

Unexcused Absences
These are absences that do not meet the criteria set down by state law and/or are not in accord with the high value we place on education at Amity School District. Absences may also be deemed unexcused for:

- Absences more than one day, which are not pre-arranged: Example: Field Trips, Pendleton, Hunting, Shakespeare Festival, and State Competitions.
- Failure to notify the attendance office within one day after an unforeseen absence.
- Failure to get clearance from the office prior to leaving school during the school day. All work missed during an unexcused absence will receive a zero.

We feel however, that every educational assignment made is worth doing. Students will, therefore, be required to make up worked missed. Teachers are encouraged not to allow extra credit work until all assignments are satisfactory completed or to design some other incentive to ensure missed work is done.

Students who arrive at school late must check in at the office. Parents should call the Office, if possible, or send a note with the student.

Students who get ill or injured during the day or for some other reason have to leave school must come to the office so that parents can be notified. Students who leave without the authorization of the office will be considered as truant and will be subject to disciplinary action.

Exemptions from Compulsory Attendance
The school may grant an exemption from compulsory attendance to the parent of a student who is 16 or 17 years of age or an emancipated minor provided the student is:
1. Employed full-time;
2. Employed part-time and enrolled in school part-time;
3. Enrolled in a community college or other state-registered alternative education program.

All such request must be submitted in writing to the principal and include documentation of the student’s employment by the employer, or enrollment status by the school. The school requires notification should the student’s employment or enrollment status be terminated.

Requests will be considered only following a conference with the student and parent or emancipated student and a review of credits earned for graduation, grades, disability, if applicable, standardized assessment results, teacher evaluations, counselor appraisal, immediate plans, short-range and career goals and any other pertinent information.

Approved exemptions will be in writing and include information on alternative education programs of instruction or instruction combined with counseling that may be available.

Exemptions will be granted for a limited time only, must be renewed on a semi-annual basis and will be reviewed by the school no later than the second week of each semester.

Parents will be notified of the need to reapply for an exemption no later than the second week of each semester or return the student to school until a high school diploma or GED is earned or until the student reaches age 18.

Absences and Extra-Curricular Activities
Students must be present in school at least one-half day before they can attend any extra-curricular activity outside of the school day. If an activity is scheduled for a non-school day, the attendance requirement goes back to the previous school day. However, with pre-arranged administrative approval, a student may attend extra-curricular activities scheduled on a non-school day only if the absence on the previous day was pre-arranged or if it meets the criteria of "excused" and "pre-arranged" absences. Any unexcused absences during the day will result in the inability to participate in activities.

Tardies
Start your student’s day off on the right foot. Please get your student to school on time. Coming in late can disrupt such procedures as classroom directions, breakfast, and taking attendance. To excuse a tardy, a note is required from parents/guardians. Each building sets its own procedures for dealing with tardies. Please see individual building sections for detailed information.

Truancy
A student who is absent from school or from any class without permission will be considered truant and may be subject to disciplinary action including detention, suspension, ineligibility to participate in athletics or other activities and/or loss of driving privileges.

Leaving School Early
If your student needs to leave during the school day, please meet your student at the office and sign them out of school. For the student’s safety, it is best if they wait for you inside the building. A student will not be released to any person without the approval of his/her parent or as otherwise provided by law.

Withdrawing from School
If you plan to transfer your student to another school, please notify the office at least one day before your last day so we can help make the transfer as smooth as possible. Parent contact is required. There is a checkout sheet that needs to be completed by the teacher and other departments in the school before your student’s last day with us. The new school will ask you to sign a form requesting us to forward your student’s records.
CARE OF SCHOOL PROPERTY
Students are responsible for the proper care of all books, supplies, equipment, and furniture supplied by the school. The person responsible must pay for damaged or lost property.

CLASS RANKING
The district’s valedictorian and salutatorian may be permitted to speak as a part of the district’s planned graduation program at the discretion of the building principal or designee. Titles and/or privileges available to or granted to students designated as valedictorian or salutatorian may be denied or revoked for violation of Board policy, administrative regulation or school rule.

CLUBS AND ORGANIZATIONS
Student clubs and performing groups such as the band, choir, rally, dance, drama and athletic teams may establish rules of conduct, and consequences for misconduct, that are stricter than those for students in general. If a violation is also a violation of the Student Code of Conduct, the consequences specified by the district shall apply in addition to any consequences specified by the organization. Please see individual school's section for more information.

Amity School District permits non-curriculum-related student-led groups at the secondary level to meet on school premises in accordance with the Federal Equal Access Act.

COMMUNICABLE DISEASES
Parents of a student with a communicable or contagious disease are asked to telephone the principal so that other students who have been exposed to the disease can be alerted. A student with certain school restrictable diseases is not allowed to come to school while the disease is contagious. This restriction is removed by the written statement of the physician, physician assistant, nurse practitioner, local health department nurse or school nurse that the disease is no longer communicable to others in the school setting. The following the restriction may be removed by a school nurse. Chicken pox*, cholera, diphtheria, measles, meningitis, mumps*, lice infestations**, whooping cough, plague, rubella, scabies*, staph infections*, strep infections*, tuberculosis and pandemic flu. Parents with questions should contact the school office.

COMMUNICATION WITH PARENTS
Amity School District staff will communicate with you on a regular basis. Upcoming events will be listed on the reader board outside the elementary school, and high school. A current listing of events are also available on the Amity Web Page at www.amity.k12.or.us, and on the district and each of the school's Facebook pages.

A second such request for a subsequent violation may result in suspension of driving privileges or the right to apply for driving privileges until the student is age 21. A meeting with the parent or guardian will be held prior to submitting
such request to ODOT. A student may appeal district decisions regarding driving privileges under established due process procedures for suspensions and expulsions.

CONFERENCES
Regular conferences are schedule annually in the fall and spring to review student progress. See the current School Calendar for this year’s conference schedule.

Students and parents may also expect teachers to request a conference: (1) if the student is not maintaining passing grades or achieving the expected level of performance; (2) if the student is not maintaining behavior expectations; or (3) in any other case the teacher considers necessary.

The district encourages a student or parent in need of additional information or with questions or concerns to confer with the appropriate teacher, counselor or principal. A parent who wishes to confer with a teacher may call the office (or email the teacher directly) to request that the teacher call the parent to arrange a mutually convenient time.
CORRESPONDENCE COURSES
All correspondence courses taken for credit must be approved by the counselor and principal prior to enrolling in such courses. Contact a counselor for correspondence course details.

COUNSELING
Academic Counseling
Students are encouraged to talk with a district counselor, teachers and building administrators in order to learn about the curriculum, course offerings and graduation requirements. All students in grades 9-12 and their parents shall be notified annually about the recommended courses for students. Students who are interested in attending a college, university or training school, or pursuing some other advanced education, should work closely with their counselor so that they may take the courses that will best prepare them for further work. The counselor can also provide information about entrance examinations required by many colleges and universities, as well as information about financial aid and housing.

Personal Counseling
A counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, emotional, academic, drug, alcohol or tobacco dependency. The counselor may also make available information about community resources to address personal concerns.

CREDIT BY EXAMINATION
A student who has had sufficient prior formal instruction, as determined by the district and on the basis of a review of the student’s educational records, may gain credit for a course by passing an examination designed to measure proficiency or mastery of identified stands (knowledge and skills). A student may not use credit by examination to regain eligibility to participate in extracurricular activities.

CREDIT FOR PROFICIENCY
In addition to credit by completing classroom or equivalent work, a student may receive credit toward a diploma or modified diploma based on any one or more of the following options, if the student demonstrates defined levels of proficiency or mastery of recognized standards:
1. Classroom or equivalent work that meets Common Curriculum Goals and academic content standard required by OAR 581-022-2030;

Students or volunteers may report cyberbullying anonymously. Remedial action shall not be based solely on an anonymous report.

DAMAGE TO DISTRICT PROPERTY
A student who is found to have damaged district property will be held responsible for the reasonable cost of repairing or replacing that property. The district will notify students and parents of all such charges. If the amount due is not paid within 10 calendar days of receipt of the district’s notice, the amount will become a debt owed and certain penalties and/or restrictions may be imposed. See Fee, Fines and Charges.

DANCES/SOCIAL EVENTS
The rules of good conduct and grooming shall be observed for school dances and social events. Guests will be expected to observe the same rules as students attending the events. The person inviting the guest will need to fill out a Guest Request Form 24 hours in advance of the dance and they will share responsibility for the conduct of the guest. A student attending a dance or social event may be asked to sign out when leaving before the end of the activity. Anyone leaving before the official end of the activity will not be readmitted.
DISCIPLINE/DUE PROCESS
The Amity School District discipline policy, as well as the individual building policies, in partnership with students, parents/guardians, teachers, and community members, works to hold students accountable for their behavior so they experience success in school and become productive workers and contributing members of our society.

The following rules and procedures are designed to protect the safety, rights, and responsibilities of students, parents, and employees. Every reasonable effort will be made to transform unacceptable behavior into acceptable behavior.

The policy applies to student conduct, which occurs while a student is:
- On school premises before, during or after normal school hours.
- At a school-sponsored event (either on or off school premises) before, during, and after normal school hours.
- Traveling to and from school or a school-sponsored event.
- On school premises at any other time when the school is being used for a school-sponsored event.
- Enrolled in summer school.

A student who violates the Student Code of Conduct shall be subject to disciplinary action. See individual school sections for building specific rules and procedures.

A student's due process rights will be observed in all such instances, including the right to appeal the discipline decisions of staff and administrators.

Discipline in the District is based upon a philosophy designed to produce behavioral changes that will enable students to develop the self-discipline necessary to remain in school and to function successfully in their educational and social environments.

Student disciplinary sanctions will offer corrective counseling and sanctions that are age appropriate.

Disciplinary measures are applied, without bias, depending on the nature of the offense. The age and past pattern of behavior of a student will be considered prior to any suspension or expulsion.

In addition, when a student commits substance abuse, drug or drug paraphernalia, alcohol- and/or tobacco-related offenses or any other criminal act, he/she may also be referred to law enforcement officials. Violations of the district's weapons policy, as required by law, shall be reported to law enforcement.

Detention
A student may be detained outside of school hours for disciplinary reasons, provided the parent has been notified of the detention and, in the case of bus students, arrangements have been made for the student's transportation home. In cases where transportation is required, 24-hour notice will be given so that transportation may be arranged.

Suspension
A student whose conduct or condition is seriously detrimental to the school's best interests may be suspended for up to and including 10 school days. A student may be suspended for one or more of the following reasons: a) willful violation of Board policies, administrative regulations or school rules; b) willful conduct which materially and substantially disrupts the rights of others to an education; c) willful conduct which endangers the student, other students or staff members; or d) willfull conduct which damages or injures district property.

The district may require a student to attend school during non-school hours as an alternative to suspension.

An opportunity for the student to present his/her view of the alleged misconduct will be given. Each suspension will include a specification of the reasons for the suspension, the length of the suspension, a plan for readmission and an opportunity to appeal the decision.

Every reasonable and prompt effort will be made to notify the parents of a suspended student.
While under suspension, a student may not attend after-school activities and athletic events, be present on district property nor participate in activities directed or sponsored by the district.

**Suspension Procedures**

- A student may be suspended after they have had an opportunity to present their view regarding an alleged act of misconduct before the Principal. If, in his/her opinion, the student's conduct warrants suspension, the parents will be mailed a written notice regarding the suspension. This notice is to include the reason for the suspension and the conditions regarding the suspension and reinstatement.
- The parents or guardians will be notified by phone and letter will be sent home as soon as possible describing the problem and the action taken.
- When parents cannot be contacted, the decision to send the student home, to allow them to remain on school premises, or to refer them to the proper authorities will be made with consideration of student's age, maturity, and the nature of the misconduct that caused the suspension.
- Student suspended under emergency conditions shall be provided with the same procedures as soon as the emergency condition has passed. These procedures may be postponed in emergency situations relating to health and safety. Emergency situations shall be limited to those instances where there is a serious risk that substantial harm will occur if the suspension does not take place immediately.
- The parents or guardians may request and be given a conference with the Principal or Vice Principal.
- In all suspensions, the School Board shall have the right of final review.
- The Amity School Board of Directors and Amity School District Staff feel that every educational assignment given is worth doing. Students will, therefore be given the opportunity to turn in the missing assignments when they return from their suspension period. The assignments will be graded with a 25% deduction in grade. It will be the student’s (and parent’s) responsibility to pick up homework and assignments so that all work is completed and turned in the day the student has his/her re-admittance meeting with the school administrator. The student will be allowed to make up work for credit that covers more time than the period of suspension (OAR 581-21-065) without penalty.
- Suspended students are not permitted on school grounds during the specified suspension time. Nor are they permitted to attend school-sponsored activities including sports practices and/or games.

**Expulsion**

Students may be expelled for any of the following circumstances: a) when a student's conduct poses a threat to the health or safety of students or employees; b) when other strategies to change the student's behavior have been ineffective, except that expulsion may not be used to address truancy; or c) when required by law. This is the permanent removal from school for the remainder of the semester by the action of the hearing's officer. When expulsion is contemplated against a student, they are permitted to have a hearing unless they and their parent or guardian waive, in writing, this right. By waiving the right to a hearing the student and their parent agree to abide by the lawful finds of the hearing court.

The district shall consider the age of the student and the student's past pattern of behavior prior to imposing the expulsion. The use of out-of-school expulsion of a student in the fifth grade or below, is limited to:

1. Non-accidental conduct causing serious physical harm to a student or employee;
2. When a school administrator determines, based on the administration's observation or upon a report from an employee, the student's conduct poses a threat to the health or safety of students or employees; or
3. When the expulsion is required by law.

The principal will be responsible for investigating acts of student misconduct, violations of school policies, or the disregard of Oregon Board Of Education regulations that constitute the reason for recommending expulsion, and will inform the superintendent before making such recommendations.
• The student is suspended pending investigation for a possible expulsion.
• The student is not allowed on district property unless permission is granted by the principal and the student is supervised by a staff member or parent/guardian.
• A report of the student's misbehavior and record is referred to the District Superintendent.
• The Superintendent will mail to the parent by certified mail, a notice stating that the Superintendent has received a report recommending expulsion and inform the parent and/or student that they may appear at a specified time and place to confer with the Superintendent concerning the recommended expulsion.
• An expulsion shall not extend beyond one calendar year.

In accordance with Oregon law, the superintendent may request that the driving privileges of the student or the right to apply for driving privileges be suspended for no more than one year for any student who has been expelled for bringing a weapon to school or suspended or expelled at least twice for assaulting or menacing a district employee or another student, for willful damage or injury to district property or for use of threats, intimidation, harassment or coercion against a district employee or another student.

A second such request for subsequent violation may result in suspension of driving privileges or the right to apply for driving privileges until the student is age 21. A meeting with the parent or guardian will be held prior to submitting such request to the Department of Transportation.

A student may appeal district decisions regarding driving privileges under established due process procedures for suspensions and expulsions.

**Discipline of Disabled Students**

When a student being served by an individualized education program (IEP) engages in conduct which would warrant suspension of more than 10 days or expulsion for a nondisabled student, the student’s parents will be notified immediately (within 24 hours) of the circumstances of the misbehavior and the time and location of the student’s IEP team meeting addressing the infraction and its relationship to the disability.

The IEP team will determine whether the misconduct is a manifestation of the student’s disability. Should the IEP team conclude the misconduct has no relationship to the student’s disability, the student may be disciplined in the same manner as would other students.

If the IEP team concludes the misconduct is a consequence of the student’s disability, the team may review and revise the student’s IEP and determine whether a change in placement is needed. The district may not suspend for more than 10 days or expel a student with a disability or terminate educational services for any behavior which is a manifestation of the disability.

A student may be removed from the current educational placement to an appropriate interim alternative educational setting for the same amount of time that a student without a disability would be subject to discipline, but for not more than 45 calendar days in a school year for a drug or weapon violation as provided in district procedures. Additionally, the district may request an expedited due process hearing to obtain a hearings officer’s order to remove a student to an interim alternative educational setting for not more than 45 days if the student is exhibiting injurious behavior. ELECTRONIC COMMUNICATION SYSTEM
Computer skills are essential in today’s society. We are taking steps to acquaint all students on the appropriate way to use a computer as an educational tool. Because of this, your child may utilize the school district’s electronic communications system, but requires your permission to participate.

As you may already know, the Internet is a computer network system which links smaller networks creating a large and diverse global network. The Internet allow your child the opportunity to tremendously expand their resources to research various subjects and share information with many other people near and distant by sending and receiving messages using the computers and the network system such as the Library of Congress, Oregon State Library, colleges and universities, etc. This is an outstanding opportunity to do research, gather information and communicate with other schools, colleges, organizations and individuals around the world.

With this educational opportunity also comes responsibility. This responsibility encompasses not only the student’s appropriate behavior while using the Internet, but also applies to the general use of the district’s computers. It is imperative that you and your child read the General System User Responsibilities and agreement form and discuss these responsibilities together. The administrative rules are available at any time for review. Inappropriate system and/or computer use will result in the loss of the Privilege to use these educational tools. Violators will be subject to further discipline in accordance with the district’s policies and applicable administrative regulations.

In spite of our campaign to establish regulations for the district’s electronic communications system, please be aware there may be material or communications on the Internet that district staff, parents, and students alike would find objectionable. We have made efforts to impede Internet sites that may contain such material by installing software that block such sites. Despite these efforts, we cannot filter all items posted on the connecting computers by others, nor can we monitor student computer use 100% of the time.

Please acknowledge your understanding on the signature form located on the student registration form indicating you and your child have read and understand the General System User Responsibilities. Please indicate your permission, or denial of permission, for your child to participate in the district’s electronic communications system by checking the appropriate box.

The district’s electronic communications system meets the following federal Children’s Internet Protection Act requirements:
1. Technology protection measures have been installed and are in continuous operation to protect against Internet access by both adults and students to visual depictions that are obscene, child pornography or, with respect to the use of the computers by students, harmful to students;
2. Educating minors about appropriate online behaviors, including cyberbullying awareness and response, and interacting with other individuals on social networking sites and in chat rooms;
3. The on-line activities of students are monitored;
4. Procedures are in place to help ensure the safety and security of students when using electronic mail, chat rooms and other forms of direct electronic communications;
5. Unauthorized access, including so-called “hacking” and other unlawful activities by students on-line is prohibited;
6. Unauthorized disclosure, use and dissemination of personal information regarding students is prohibited;
7. Measures designed to restrict students’ access to materials harmful to students have been installed.

The district retains ownership and control of its computers, hardware, software and data at all times. All communications and stored information transmitted, received or contained in the district’s information system are the district’s property and are to be used for authorized purposes only. Use of district equipment or software for unauthorized purposes is strictly prohibited. To maintain system integrity, monitor network etiquette and ensure that those authorized to use the district’s system are in compliance with Board policy, administrative regulations and law, school administrators may routinely review user files and communications.

Files and other information, including e-mail, sent or received, generated or stored on district servers are not private and may be subject to monitoring. By using the district’s system, individuals consent to have that use monitored by authorized district personnel. The district reserves the right to access and disclose, as appropriate, all information and data contained on district computers and district-owned e-mail system.
Students who violate Board policy, administrative regulations, including general system user prohibitions, shall be subject to discipline up to and including expulsion and/or revocation of district system access up to and including permanent loss of privileges. Violations of law will be reported to law enforcement officials.

If you have further questions regarding details of the Internet system, please feel free to contact the district office at 503-835-2171.

Extra-curricular activities are defined as those school related activities outside the normal school day, where students represent their school, either as individuals or as a group. Extra-curricular activities enable the student to develop mentally, socially, and physically. We further feel that the academic areas are of primary importance and that to be involved in extra-curricular activities a student shall expect to first demonstrate good scholastic effort and satisfactory growth in responsible citizenship.

Students and parents will be required to sign a participation agreement found in the back of the Amity School District Coaches & Athletic/Activity Handbook.

GRADE REDUCTION/CREDIT DENIAL
Punctual and regular attendance is essential to the academic success of students. District staff may consider a student’s attendance in determining a grade reduction or credit denial, though attendance will not be the sole criterion used. Such decisions will not be based on nonattendance due to religious reasons, a student’s disability or an unexcused absence, as determined by district policy.

At the beginning of each school year or course, teachers will inform students and parents how attendance and class participation are related to the instructional goals of the subject or course. Due process will be provided to any student whose grade is reduced or credit denied for attendance rather than for academic reasons.

GRADUATION EXERCISES
Students in good standing who have successfully completed the requirements for a high school diploma, qualifies to receive or receives a modified diploma, an extended diploma, or other certificates as may be awarded by the district, may participate in graduation exercises. Students who have not met the district’s diploma, or certificate, requirements may, at the discretion of the superintendent be permitted to take part in the district’s graduation exercises. Additionally, students may be denied participation in graduation exercises for violation of Board policies, administrative regulations or school rules.

The valedictorian(s), salutatorian(s) or others may be permitted to speak as part of the graduation exercise program at the discretion of the building principal or designee. All speeches will be reviewed and approved in advance by the building principal or designee.

Student speeches may be permitted at the discretion of the district and shall be reviewed and approved in advance by the building principal. Additional guidelines are listed in the High School section of this handbook.

GRADUATION DIPLOMA REQUIREMENTS
The Board establishes graduation requirements for the awarding of a high school diploma, modified diploma, extended diploma and alternative certificate which meet or exceed state requirements.

A student may satisfy graduation requirements in less than four years. The district will award a diploma to a student fulfilling graduation requirements in less than four years if consent is received by the student's parent or guardian, or by the student if he/she is 18 years of age or older or emancipated. A student that has completed the requirements for early graduation will no longer be eligible to participate in high school activities.

Students will have onsite access to the appropriate resources to achieve a diploma, modified diploma, extended diploma or alternative certificate at each high school. The district provides age appropriate and developmentally appropriate literacy instruction to all students until graduation.

The district may not deny a student, who has the documented history of an inability to maintain grade level achievement due to significant learning and instructional barriers, or of a medical condition that creates a barrier to achievements, the opportunity to pursue a diploma with more stringent requirements than a modified diploma or an extended diploma for the sole reason the student has the documented history.

The district may award a modified diploma or extended diploma to a student only upon the written consent of the student's parent or guardian. The district shall receive the written consent during the school year in which the modified diploma or the extended diploma is awarded. A student who is emancipated or has reached the age of 18 at the time the modified diploma or extended diploma is awarded may sign the consent.

A student shall have the opportunity to satisfy the requirements for a modified diploma or alternative certificate in either four years after starting the ninth grade, or until the student reached the age of 21, if the student is entitled to public education until the age of 21 under state or federal law.
A student may satisfy the requirements for a modified diploma, extended diploma or alternative certificate in less than four years but not less than three years. In order to satisfy the requirements for a modified diploma, extended diploma or alternative certificate in less than four years, the student’s parent or guardian or a student who is emancipated or has reached the age of 18 must provide written consent which clearly states the parent, guardian or student is waiving the fourth year and/or years until the student reaches the age of 21. A copy of the consent will be forwarded to the district superintendent who will annually report to the Superintendent of Public Instruction the number of such consents.

Beginning in grade five when a student is taking an alternative assessment or after a documented history to qualify for a modified diploma, an extended diploma or an alternative certificate has been established, the district will annually provide to the parents or guardians of the student, information about the availability and requirements of a modified diploma, an extended diploma and an alternative certificate.

A student who qualifies to receive or receives a modified diploma, an extended diploma or an alternative certificate will have the option of participating in a high school graduation ceremony with the student's class.

A student who received an extended diploma or alternative certificate shall have access to individually designed instructional hours, hours of transition services and hours of other services that equal at least the total number of instructional hours that is required to be provided to students who are attending a public high school, as determined by the individualized education program (IEP) team.

A student who has received a modified diploma shall continue to have access to individually designed instructional hours, hours of transition services and hour of other service that are designed to meet the unique need of the student. (A student who received a modified diploma prior to July 1, 2018, shall continue to have access to instructional hours, hours of transition services and hours of other services that are designed to meet the unique needs of the student.)

The district will award to students with disabilities a document certifying successful completion of program requirements. No document issued to students with disabilities educated in full or in part in a special education program shall indicate that the document is issued by such a program. When a student who has an individualized education program (“IEP”) completes high school, the district will give the student an individualized summary of performance.

Eligible students with disabilities are entitled to a Free Appropriate Public Education (“FAPE”) until the age of 21, even if they have earned a modified diploma, an extended diploma, an alternate certificate or completion of a General Education Development document. The continuance of services for students with disabilities for a modified diploma, extended diploma or alternative certificate is contingent on the IEP team determining the student’s continued eligibility and special education services are needed.

The district may not deny a diploma to a student who has opted out of the statewide assessment if the student is able to satisfy all other requirements for the diploma. Students who opt-out will need to meet the Essential Skills graduation requirement using another approved assessment option.

Students and their parents will be notified of graduation and diploma requirements through the high school curriculum guide.

**Essential Skills**
The district will allow English Language Learner (ELL) students to demonstrate proficiency in the Essential Skills of Apply Mathematics, in a variety of settings, in the student’s language of origin for those students who by the end of their 11th grade year are:

1. On track to meet all other graduation requirements; and
2. Unable to demonstrate proficiency in the Essential Skills in English.

The district will not allow ELL students to demonstrate proficiency in Essential Skills other than Apply Mathematics, in a variety of settings, in the student’s language of origin for those ELL students who by the end of the high school.

1. Are on track to meet all other graduation requirements;
2. Are unable to demonstrate proficiency in the Essential Skills in English;
3. Have been enrolled in a U.S. school for five years or less; and
4. Have demonstrated sufficient English language skills using the English Language Proficiency Assessment for the 21st Century (ELPA21).

The district will develop procedures to provide assessment options as described in the Essential Skills and Local Performance Assessment Manual, in the ELL student’s language of origin for those ELL students who meet the criteria above, and will develop procedures to ensure that locally scored assessment options administered in an ELL student’s language of origin are scored by a qualified rater.

**HEARING THE ACCUSER**

**Staff Complaints**

Students may hear directly from the teacher or the staff member specific complaints or descriptions of unacceptable behavior if the student desires.

**Student Complaints**

It is recognized that a school official, as a public officer, shall not be examined as to communications made to him in official confidence, when the public interest would suffer by such disclosures. For this reason, in recognition of the special jeopardy in which the student witnesses may be placed, the possible traumatic effects of adversary proceedings conducted by attorneys, police officers, or court officials, the complaining student may not be required to face the accused, nor have his identity revealed. However, the administrator or other official conducting an investigation is under special obligation to assure careful and cautious investigation of all relevant facts and testimony. When it is determined that the student ought not face the accused, the school official then becomes the official complainant.

School records, medical records, proof of residence or other documents will not be required as a condition for admission. A homeless student will be admitted, in accordance with the student’s best interest, to the student’s school of origin or will be enrolled in a district school in the attendance area in which the homeless student is actually living, unless contrary to the request of the parent or unaccompanied student.

Transportation to the student’s school of origin will be provided, in accordance with the McKinney-Vento Homeless Assistance Act. For additional information concerning the rights of students and parents of students in homeless situations or assistance in accessing transportation services, contact the Superintendent, the district’s liaison for homeless students.

**HOMEWORK**

Homework is assigned to provide students an opportunity to practice independently what has been presented in class, to improve the learning processes, to aid in the mastery of skills and to create and stimulate interest. Whatever the task, the experience is intended to be complementary to the classroom process.

**Homework Suggestions**

1. Help schedule a time to do homework, showing that it is an important priority and that you value its worth.
2. If possible, provide a quiet corner for your child to work. Help setup this area so there is good lighting and materials to work with such as pencils, a ruler and dictionary.
3. Let your student work on their own, but let them know you are available for help.
4. Be aware that there is a difference between being a resource or consultant and hovering over a child with constant advice.
5. Be available to check work if needed and to check whether the assignment has been completed.
6. If possible, help your student see how this particular assignment or skill relates to everyday life and life skills.
7. Remember that nothing can help like a hug, smile and a word of approval. Be encouraging and supportive. Your attitudes are contagious.

That is, each student and staff member is to assume all direct contact with human blood and body fluids is regarded as known to be infectious for HIV, AIDS, HBV and/or other infectious diseases.

Human Sexuality, AIDS/HIV and Sexually Transmitted Disease Instruction

A student shall be promoted from one grade to the next on the basis of academic, social and emotional development.

Exceptions may be made when, in the judgment of the professional staff, such exceptions are in the best educational interest of the student involved.

A decision to retain a student will be made only after prior notification and explanation to the student’s parents. The final decision will rest with school authorities.

Students in grades 9-12 will be promoted or retained in accordance with state and district graduation requirements.

Students will be placed in the grade level or course best suited to meet their needs, based on the district’s evaluation of the student’s transcript and/or other documentation, assessment, portfolio/work sample evidence, etc., as may be required by the district.

If the student is unable to provide appropriate documentation, the building principal or designee will make the grade level or course determination placement based on district-administered assessment(s) as deemed appropriate.

RELEASE OF STUDENTS FROM SCHOOL
A student shall not be released from school at times other than regular dismissal hours except with the principal’s permission or according to school sign-out procedures. The teacher will determine that permission has been granted before allowing the student to leave. A student will not be released to any person without the written approval of his/her parent or as otherwise provided by law.
REPORTS TO STUDENT AND PARENTS
Reports of student progress shall be communicated to parents at least annually informing parents of their student’s progress meeting toward achieving the academic content standards. Parents will receive reports on their student’s absences. Letter grades will be used. Grades and Progress reports will be based on many factors including assignments, both oral and written; class participation; special assignments; research activities and other identified criteria.

At the end of the first three to five weeks of a reporting period, the district will report the student’s progress to the student and parent when the student’s performance is below average or below the expected level.

RESTRAINMENT AND SECLUSION
The use of physical restraint and/or seclusion is permitted only as part of a behavior support plan when other less restrictive interventions would not be effective and the student’s behavior poses a threat of imminent, serious physical harm to self or others.

Except in the case of an emergency, only staff current in the required training in accordance with the district-designated physical restraint and seclusion training program will implement physical restraint or seclusion with a student.

In an emergency, physical restraint and/or seclusion may also be used by a school administrator, teacher or other school employee as necessary when the student’s behavior imposes a reasonable threat of imminent, serious bodily injury to the student or others. The use of physical restraint or seclusion under these circumstances is only allowed so long as the student’s behavior poses a threat of imminent, serious physical harm to themselves or others.

Any student being restrained or secluded within the district whether an emergency or as part of a plan shall be constantly monitored by staff for the duration of the intervention.

Parents will be notified if their student has been restrained or secluded as described above.

RUMORS
Someone once said, “If you hear something positive, tell everybody. If you hear something negative, tell me!” Rumors and misunderstandings can be devastating. Please contact your building principal if you hear something that concerns you. Your concern will receive immediate attention.

SAFE SCHOOL
Amity School District has a zero-tolerance policy toward violence in the school. Weapons, sexual and racial harassment, and any type of physical violence (threats to kill someone) are PROHIBITED and will be strictly enforced. Students deserve and have the right to attend school in an environment free of any and all violence. The administration will determine the seriousness of any threats.

In order to maintain the stable and serious learning climate necessary for pupils to achieve maximum success, the following rules will apply:

- Students must be in class on time each day with all necessary materials.
- Students will treat other people and property with respect.
- Students will obey all staff instructions the first time they are given.
- Students will not interfere with the teacher teaching or students learning.
- A student’s conduct in assemblies must meet the same standards as in the classroom. A student who does not abide by the district’s Student Code of Conduct during an assembly shall be subject to disciplinary action.

Because the behavior problems of students vary in the degree of seriousness, the corrective actions to be taken must be determined by the professional judgment of an administrator. Although extreme-mitigating circumstances may dictate more severe or more lenient consequences than usual, the following guidelines will be adhered to in most cases.
SEARCHES
District officials may search the student, his/her personal property, and property assigned by the District for student's use, at any time on district property or when the student is under the jurisdiction of the school. Such searches will be conducted only when there is reasonable suspicion based upon specific and articulated facts to believe that the student personally poses or is in possession of some item that poses an immediate risk or serious harm to the student, school officials and/or others at the school.

Searches shall be “reasonable in scope”, that is, the measures used are reasonably related to the objectives of the search, the unique features of the official’s responsibilities and the area(s) which could contain the items (s) sought and will not be excessively intrusive in light of the age, sex, maturity of the student and nature of the infraction. Strip searches are prohibited by the district.

District officials may seize any item which is evidence of a violation of law, Board policy, administrative regulation or school rules, or which the possession or us of is prohibited by law, policy, regulation or rule.

District officials may also search when they have reasonable information that emergency/dangerous circumstances exist.

District-owned storage areas assigned for student use, such as lockers and desks, may be routinely inspected at any time. Such inspections may be conducted to ensure maintenance of proper sanitation, to check mechanical conditions and safety and to reclaim overdue library books, texts or other instructional materials, property or equipment belonging to the district. The student will generally be permitted to be present during the inspection.

Items found which are evidence of a violation of law, policy, regulation, school rule, or the Student Code of Conduct may be seized and turned over to law enforcement or returned to the rightful owner, as appropriate.

Questioning
Should law enforcement officials find it necessary to question students during the school day or during periods of extracurricular activities, the principal or designee will be present, when possible. An effort will be made to notify the parent of the situation.

Parents are advised that when an Oregon Department of Human Services or a law enforcement official is questioning a child whom the investigating agent believes may have been a victim of abuse of a child, the investigator may exclude district personnel from the investigation and may prohibit personnel from contacting parents.

SECURITY CAMERAS
May be in place in and on district property, and used to assist in solving discipline and/or criminal cases.

SENIOR TRIPS
The district recognizes senior trips as an extension of the school experience. District-sponsored senior trips may be authorized. In-state senior trips require approval by the building principal. Requests for out-of-state or foreign travel shall be submitted to the Board for approval. Private groups and organizations may be permitted to use district facilities and equipment during non-school, non-instructional time to promote senior trips on the same basis as facilities and equipment are provided to others.

**Disciplinary Procedures for Violations of Transportation**
The following procedures shall be followed when a discipline concern arises on a vehicle serving a regular route or an extracurricular activity:

1. First Referral: Principal holds a conference with the student, the parent, the bus driver, and the principal.
2. Second Referral: The student receives a five day suspension from riding the bus. During the time of suspension the principal will hold a conference with the student, the parent, the bus driver, and the principal. At this time, a behavior contract may be made with the student and a bus seat may be assigned.
3. Third Referral: The student receives a 20 day suspension from riding the bus. During the time of suspension the principal will hold a conference with the student, the parent, the bus driver, and the principal. At this time, a behavior contract will be made with the student and a bus seat will be assigned.
4. Fourth Referral: Will result in a suspension from buses for the balance of the school year.

Parents will be responsible for the student’s transportation to and from school during any suspension period.

In the event that the referral was the result of damage or vandalism, parents will be responsible for paying restitution.

In all instances, the appeal process may be used if the student and/or parent desires.

Disciplinary sanctions and changes in transportation for a student with a disability shall be made in accordance with the provisions of the student’s individualized education program (IEP) for students considered disabled under IDEA or the individually-designed program for students considered disabled under Section 504 and in accordance with Board-adopted policies and procedures governing the discipline of disabled students.

**Getting to School**
Crosswalks are provided to ensure your student’s safety when crossing busy streets. Please teach your student to use these crosswalks at all times. **When delivering or picking up your student from school, do not park in the yellow zones during bus times.** **DO NOT STOP OR PARK IN THE RED ZONES.**
If your student walks to school, please teach them to use the safest route, use the crosswalks, respect other people’s property and yards, know where Block Homes are and use them only in case of an emergency.

We request that bikes be parked in the racks provided and that they be locked with a good quality lock. Students are required to walk their bicycles coming onto and/or going off of school property.

Skateboards/roller blades/scooters or similar devices are prohibited on district property during school hours unless special permission is given by the building administrator for a specific activity.

Your student may ride a bus if they live more than 1.5 miles from school. Pupils may ride the bus only for transportation to and from school. Exceptions to the rules require written permission to the teacher or a phone call to the office from parents/guardians prior to 2:00 pm of the day the child will ride the bus. Please note that without the permission of the parent/guardian, the student will not be allowed to change their normal routine. State law stipulates that no animals are allowed on school buses.

**VEHICLES ON CAMPUS**

Vehicles parked on district property are under the jurisdiction of the district. The district requires that before parking privileges are granted the student must show that he/she holds a valid driver’s license, the vehicle is currently registered and that the student driving the vehicle is insured under a motor vehicle liability insurance policy.

In applying for a parking permit student will be notified that parking on district property is a privilege and not a right. Students will be notified that as a condition of parking on district property, district officials may conduct searches of vehicles upon reasonable suspicion of a policy, rule and/or procedure violation.

Parking privileges, including driving on district property, may be revoked by the building principal or designee for violations of Board policies, administrative regulations or school rules.

Bicycles ridden to school by students must be parked in the designated area on school grounds and should be locked. Students under the age of 16 must wear a helmet as required by law.

Use of skateboards/rollerblades/scooters on district property during non-school hours is at the user’s risk.

The district assumes no liability for loss or damage of personal property, including vehicles, bicycles or skateboards, or to injuries caused in the use of them.

**VISITORS**

Parents and other patrons are encouraged to visit district schools. To ensure the safety and welfare of students, that school work is not disrupted and that visitors are properly directed to the areas in which they are interested, all visitors must report to the office upon entering school property. Photo ID of visitors may be requested. In the absence of photo ID, a visitor may be denied access to the district facility. The principal will approve requests to visit, as appropriate. Students will not be permitted to bring visitors to school without prior approval of the principal.

**VOLUNTEERS**

Adult volunteers and guest speakers are in the buildings many times throughout the year.
